Bent Tree Contemporary Cottage

The term "Cottage" applies only to style and feel—this is a large home with spacious rooms and lots of them! You know you are on the way to something special as you walk through the front garden and up to the welcoming front door and covered porch. Once inside, your suspicions are confirmed—this is a very special house. The living room, dining room, kitchen and huge sun porch (with radiant heated floors) all connect and flow together, but offer separate gathering areas at the same time. The Master Suite has a large bedroom, a room sized walk-in closet and his & hers baths. The kitchen has beautiful cabinets, solid counters, a built in breakfast booth and *two* pantries. Upstairs your guests will find two very large bedrooms and a comfortable full bath— and my favorite room - one of the bedrooms has a "secret" bedroom that opens off of it - perfect for visitors with a small child or a great place to hide for a quick nap! But the tour is not over yet. Down on the terrace level there is another whole house with zoned radiant tile floors, tons of finished space, another wet bar and the Key West Room with your new Hot Tub just waiting for you. Includes a 1 Year Home Warranty.

INCLUDES FREE GOLF or TENNIS FOR ONE FULL YEAR.
