Bent Tree Contemporary With Million Dollar Views

Not many homes in Bent Tree with a level drive and views like this one! 1st time on the market and with spectacular views from all 3 levels it probably won't be here for long. This home actually overlooks Lake Tamarack and the golf course and in addition to the long view has an interior mountain view that will give you a daily calendar shot of the spectacular fall colors. Inside, the home takes advantage of all those views by situating the Great Room, Dining Room, Kitchen, one of the Master Suites and the terrace level entertainment area or in-law suites so that they all look out to the view. There are master suites with full baths on the main and upper levels and the terrace level could even be used as one enormous owner's retreat - Caution - if you give any of these to your guests you may never get them to leave! The Kitchen has Cherry cabinets and glass fronts along with granite counters. Hardwood floors on the main and carpet up and down. The terrace level carpet was just completely replaced. Plenty of deck space and a screen porch runs the entire side length of the house. **Includes a One Year Home Warranty.**

**INCLUDES FREE
GOLF or TENNIS FOR
ONE FULL YEAR.**
